About us

Al Shamali Auto Parts LLC has completed four decades of successful operations in the Auto Parts industry based in UAE

From its humble beginning as a single Automobile Spare Parts showroom, Al Shamali has grown into a network of 5 showrooms in Dubai.

Backed by thirty reliable suppliers from Japan, we have created a very loyal & delighted customer network across the world.

Our prime focus is on Middle East, Africa, CIS countries and Asian markets.

Our major Japanese suppliers are Nippon Piston Ring Co. Ltd. for 'NPR' Piston Ring, Sankei Industry Co. Ltd. for '555 Suspension Parts, Teikoku Piston Ring Co. Ltd. for TP' Piston Ring, KYB Middle East FZE, Niterra Middle East FZE, EAS Automotive Ltd., Nissan Pump Mfg. Co. Ltd. for 'NPW" Water Pumps. In addition to the above, 'TEIKIN' Engine components is our flagship brand in the Automotive Line.

We also work with top 10 export houses from Japan such as Toyo Trading Co. Ltd., Taiyo Corporation, SPK Corporation, K&M International, Eilin Company Ltd., Ushio Industries Ltd., OCT Corporation, Reco Export Agencies, Yeasu Trading Co. Ltd. & Morita & Co. Ltd

When dealing with any of our group's showrooms, our clients never feel the necessity to look around for more. One of the main advantages of dealing with our group is the ready availability of our wide range of products in Petrol and Diesel engine parts for Japanese and Korean vehicles. Customers rely on Al Shamali Auto Parts Group because of our exceptional customer service. With over 150 dependable and experienced staff, we understand the customer's expectation and assist them according to their needs. We are the most popular Spare parts dealer in the region in terms of providing reliable service with a unique commitment of quality and timely delivery. Our vast network of showrooms in U.A.E is helping us to ensure wide coverage and easy access to customers who are in search for reliable suppliers in order to meet their various needs.

TAKE TEIKIN KEEP MOVIN'

TP

TP Rings is one of the major manufacturers of Piston Rings and Liners in Japan and we are one of the major suppliers of TP products. TP products have a very high demand in global market due to its precise quality.

Nippon Piston Rings is the most popular name in the world market for piston components amongst Japanese manufacturers and it is our pride to be their distributor in the Middle East.

Riken manufactures Piston Rings that operate as critical & functional parts in an internal combustion engine. Today Riken is helping its vehicle manufacturers to develop environment friendly vehicles by providing variety of Piston Rings that are designed and produced with advanced engineering technology.

Our Precision, Your Advantage

KYB is one of the world's largest manufacturers of shock absorbers and one of the world's largest suppliers of OE shock absorbers to vehicle manufacturers. For almost a century KYB has specialized in hydraulics, with technology widely used in the motorcycle, aeronautical, rail and maritime industries. KYB is Japan's leading hydraulics company. From its 15 factories in Asia, Europe and the United States, over 1 million KYB shock absorbers are manufactured every week and has an annual production capacity of more than 75 million shock absorbers. KYB has the largest shock absorber factory in the world (in Gifu, Japan), with a capacity of over 50 million pieces. It is highly automated and can change from producing one strut to another in 15 seconds
